

Update on 26 March

*We looking forward to catching up soon at what should be a great day and weekend. Some minor changes:*

- *Because of a Council clarification about restrictions at Evandale community centre we will be moving the Gathering to the Longford RSL Memorial Hall, 78 Wellington Rd (just up the road about 10 mins by car from Evandale)*
- *The Longford RSL Memorial has all our needed facilities and much more. It has a Diner on site for lunch with the 'happy chef' and a great meeting room for the day [Longford is actually where Anne White/Sydes and all their Norfolk Island friends and later extended family moved to around 1814 before a number moved to Evandale]*
- *We know that some have booked to stay in Evandale overnight (where many of us will meet on Sunday morning for Anne's sites of interest tour). So to assist those without a car wanting a lift we will try to link them up with those who can assist (please let us know).*
- *The venue move will allow us to revamp the program schedule a bit to make fuller and more balanced (with more focus on the family history connections to Evandale and surrounds)*
- 

*REVISED PROGRAM on April 2, 2022 Gathering of Kennedy Murray descendants with an interest in related family history and/or genealogy*

*- related stories of how DNA plus additional family history and genealogy were able to directly link KM's Australian descendants to one of the main Clan Gregor lines in Scottish history (the Fortingall line of Sir James MacGregor – whose 15th Century book traced his genealogy to King Kenneth MacAlpin who was the first to unite the Scottish kingdoms of the Picts and the Gaels, etc, around 900ad)*
